

SAKSHI SANTOSH HON

Data Engineer | Software Developer | B.Tech Information Technology
+91 8080752166 | sakshi.hon_24uit@sanjivanicoe.org.in | Kopargaon, Maharashtra
[LinkedIn](#) | [GitHub](#)

OBJECTIVE:

3rd-year B.Tech Information Technology student with hands-on experience in building automated ETL pipelines, data warehousing solutions, and full-stack web applications using Python, SQL, PostgreSQL, and cloud platforms. Seeking a Data Engineer role at Accenture to apply technical expertise in designing scalable data pipelines, ensuring data quality, and implementing robust ETL processes across enterprise systems.

EDUCATION

B.Tech – Information Technology (Major: AI & ML) <i>Sanjivani College of Engineering, Kopargaon 2024 – Present</i>	CGPA: 9.36 / 10
Diploma – Computer Technology <i>Sanjivani K.B.P Polytechnic, Kopargaon Completed 2024</i>	90.17%

TECHNICAL SKILLS

Languages	Python, SQL, Java, C, C++, JavaScript
Data Engg.	ETL Pipelines, Data Warehousing, Star Schema Design, Data Wrangling, Batch Processing
Web Dev	React, HTML5, CSS3, Flask, REST APIs, Responsive Design
Databases	PostgreSQL, MySQL, MongoDB, SQLite, Supabase
Cloud	AWS Cloud Practitioner, AWS Cloud Operations, Google Cloud Platform (GCP)
Libraries	Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, SQLAlchemy, TensorFlow
Tools	Git, GitHub, Jupyter Notebook, VS Code, Arduino, Netlify, Power BI, Tableau

PROJECTS

ETL Automated Data Pipeline for Sales Analytics

ETL | Python | SQL | PostgreSQL | Cloud Storage | Data Engineering

- Built and deployed a fully automated ETL pipeline processing 9,994 sales records from 3 CSV sources — executed 6-stage transformation logic using Python and Pandas, reducing data errors by 95% before loading into Supabase PostgreSQL database.
- Configured Supabase Storage as cloud staging layer for raw file management and scheduled daily pipeline runs using APScheduler — reduced manual data refresh time from 2 hours to 0 minutes with automated execution and logging.
- Generated 4 automated KPI reports covering monthly sales trends, top 5 products by revenue and region-wise performance using Matplotlib and Seaborn — enabling data-driven decision-making from 9,994 structured records.

Tech Stack: Python, Pandas, NumPy, SQL, PostgreSQL, Supabase, Matplotlib, Seaborn, APScheduler, Git

JARVIS – AI-Based Desktop Voice Assistant

Python | Speech Recognition | NLP | Automation | Research Publication

- Developed a Python-based intelligent voice assistant processing 10+ voice commands including application launching, web search, email automation and music playback — achieving 92% speech recognition accuracy using speech_recognition and pyttsx3 libraries.
- Integrated 6 Python modules (OS, DateTime, Wikipedia API, Webbrowser, smtplib) to automate 10+ desktop tasks, reducing manual task execution time by 70% through voice-controlled operations.
- Published a peer-reviewed research paper documenting system architecture, NLP implementation and performance benchmarks of the voice assistant — demonstrating applied research capability.

Tech Stack: Python, pyttsx3, speech_recognition, OS Module, DateTime, Wikipedia API, Webbrowser

INTERNSHIP

Machine Learning with Python Intern

BeyondDegree Consultancy Pvt. Ltd, Pune

- Processed 5+ real-world datasets using Pandas and NumPy — executed end-to-end data preprocessing pipeline covering null handling, outlier removal, feature engineering and normalization across 3,000+ records per dataset.
- Built and evaluated 2 supervised ML models (Linear Regression, Random Forest) using Scikit-learn — improved model accuracy by 15% through hyperparameter tuning and 5-fold cross-validation on structured datasets.

CERTIFICATIONS

- AWS Cloud Practitioner Essentials** — AWS Training & Certification | Jan 2026
- AWS Academy Graduate – Cloud Operations** — AWS Academy | Nov 2025
- Python for Data Science | Data Science Foundation** — Infosys Springboard | 2025
- Machine Learning Using Python** — Simplilearn | Oct 2025
- Learn Java Programming – Beginner to Master** — Udemy | Nov 2024
- E-Business** — NPTEL – IIT Kharagpur | Jul–Oct 2025
